Meeting Standards of Para Professionals (MSP): As a joint effort between the School Board and the Broward Teachers Union, classes are being offered to aid ESP employees in becoming highly qualified.

Classes are available for all existing and new Title I Schools where ESPs must become highly qualified by 2009-2010.

The School Board is sending notifications to those eligible to attend the class. Please do not call the Broward Teachers Union to register. Eligible ESPs should wait for the district's letter with all the information, times and dates of classes.

ESP's at Differentiated Accountability Schools (DA) have until 2010-2011 to become highly qualified.

The BTU is working hard to ensure all ESPs are given the opportunity to take the Meeting the Standards for Paraprofessionals.

For more information, please call BTU First Vice President Bernie Schultz (954-486-6250 Ext. 234) and BTU-ESP Vice President Ernestine Alleyne (954-486-6250 Ext. 265 / 954-305-7181).
